

COVID 19 Policy

Please protect yourself and protect others

Blue View Chalets will exert every effort to ensure that our chalets are free of any virus or bacteria before arrival of any renting client.

We are using strict procedures for cleaning our chalets after every departure. Including:

- Fogging and fumigating the chalet with a highly effect fog that is advertised to eliminate 99.9% of all viruses and bacteria
- Our cleaning staff will clean the chalet after the fogging using normal cleaning agents. In addition to normal cleaning, our cleaners will wipe all surfaces with disinfectant solutions for added security.
- Our staff will exercise social distancing, wear a mask and wash their hand with alcohol or soar and water as often as possible.

In response to the COVID 19 circumstances we are facing, we strongly suggest to our clients that they should educate themselves and adhere to the Provincial Government's regulations with respect to COVID 19 precautionary measures <https://covid-19.ontario.ca/>

Transmitting or contracting the virus is something that is a function of the two parties, and the circumstances of their contact. As a result, Blue View Chalets does accept any responsibility or liability because a renter contracts the virus during their stay with us.

The Pool:

The pool will be open this summer, however we will be imposing certain rules as follows:

- **Maximum number of people in the pool will be limited to 20 at any time,**
- **First come first serve**
- **Clients may use the pool for a maximum of 2 hours at any time, unless there are no other clients waiting to use the pool**
- **Social distancing must be observed, and wearing a mask when not in the pool is strongly suggested.**
